The International Hearing Voices Community is coming to US Shores!

9th Annual World Hearing Voices Congress
August 16–18, 2017
Boston University, Boston, Massachusetts, USA

All are welcome with special invitation extended to fellow voice hearers.

The Hearing Voices Movement will be celebrating its 30th Anniversary on US soil! Be sure to mark your calendars! Be a part of history!

Topics range from groups, personal testimony, and voice dialogue, to research, artistic endeavor and more!

The Hearing Voices Movement is comprised of over 30 national networks from around the world joined by shared goals and values, including a fundamental belief that hearing voices, seeing visions and related phenomena are meaningful experiences that can be understood in many ways; hearing voices is not, in itself, an indication of illness.
